Highlights of New Additions to Depository & Special Collections of International Organizations

Author, Title and Publishing Information **Call No.**

CARVER, Fred, ed.

**Sustainable development goals :
transforming our world.**

**United Kingdom : Witan Media Ltd.,
c2019.**

**UN
338.927
SUS**

Investigates the implementation of the UN's Sustainable Development Goals, and looks at where the Goals are working with insights on how to ensure that the Goals reach everybody.

**GUIDANCE on data integration for measuring
migration.**

**New York ; Geneva : United Nations,
c2019.**

**UN
304.82
GUI**

Provides an overview of the ways that data integration is used to produce migration statistics, based on a survey of migration data providers in over 50 countries with thirteen case studies. The publication proposes principles of best practice for integrating data in measuring migration.

RECOMMENDATIONS on ageing-related statistics.

New York ; Geneva : United Nations, c2016.

**UN
305.26
REC**

Provides recommendations representing the outcome of a multidisciplinary task force of statisticians and policymakers and provides guidance to national statistical offices for improving the production of ageing-related statistics, from identification of concepts for measurement, to the communication of results.

ROIDT, Mario and Lucia de Strasser.

Methodology for assessing the water-food-energy-ecosystem nexus in transboundary basins and experiences from its application : synthesis.

New York ; Geneva : United Nations, c2019.

**UN
628.16
ROI**

Covers lessons on interlinkages, trade-offs and benefits in managing water, energy and land/agriculture, as well as on protecting the environment derived from several transboundary river basins and consolidates the methodology which was developed under the Water Convention specifically for the purpose of assessing nexus issues and identifying solutions in transboundary basins.

THEVS, Niels.

**Forest landscape restoration in the
Caucasus and Central Asia : background
study for the Ministerial Roundtable on
Forest Landscape Restoration and the
Bonn Challenge in the Caucasus and
Central Asia (21-22 June 2018, Astana,
Kazakhstan)**

**New York ; Geneva : United Nations,
c2019.**

**UN
333.75
THE**

Focuses primarily on the period from the collapse of the Soviet Union until the present day, identifies the key drivers of forest degradation and the potential for forest landscape restoration in the Caucasus and Central Asia.
