愛護大自然

Care For Our Environment

..... 書目BOOKLIST

序言 Introduction

美好的大自然需要大家共同努力去愛護。你是否經常聽到「環保」這兩個字呢？「環保」就是「環境保護」。透過閱讀，小朋友對大自然會有更多的認識，同時也可以學習到如何在日常生活裏愛護環境。

這本書目主要分為兩個部份。第一部份是有關「環境保護」的書籍介紹，小朋友可以認識地球上的各種資源及保護環境的各種途徑。此外，小朋友又可以透過閱讀「環保小故事」書籍認識與環保相關的知識。第二部份介紹與環保相關的網上資源，小朋友更可以找到一些有趣的環保互動遊戲及動畫呢！

It is well worth our efforts to treasure the beauty of the nature. Here you will find some very interesting reading materials about environmental protection by giving the great ideas for things kids can do to help the environment. This booklist consists of two parts. The first part introduces books on different aspects of the nature, and on the action for environmental protection. The second part provides the kid-friendly web resources on environmental issues. Children may find interactive and inspiring stories and games on lots of ways to care for the environment.
