**COVID-19 and E-commerce : a Global Review
New York ; Geneva : United Nations, 2020,
c2021.**

**UN
381.142
COV**

Studies the impact of COVID-19 on e-commerce. It explores what barriers countries and business were facing when trying to leverage digital solutions and what could be done to reap synergies and enhance global support to those countries that are the least equipped to manage digital transformation for dealing with the pandemic and beyond.

**FINANCING Climate Futures : Rethinking
Infrastructure.
Paris : OECD, c2018.**

**OECD
330
FIN**

Focuses on how governments can align financial flows with climate and development priorities more effectively. The report also looks at how rapid socio-economic and technological developments, such as digitalisation, can open new pathways to low-emission, resilient futures.

**INTERMODAL Transport in the Age of
COVID-19 : Practices, Initiatives and
Responses : Building Pandemic-Resilient
Transport Systems.
New York ; Geneva : United Nations,
c2021.**

**UN
388
INT**

Provides a comprehensive overview of the efforts made in responses to the Coronavirus (COVID-19) pandemic. It also touches on issues relating to border crossing facilitation, road, rail and inter-modal transport, transport of dangerous goods and transport statistics.

**MEASURING and Monitoring Progress
Towards the Sustainable Development
Goals.
Geneva : United Nations, c2020.**

**UN
333.79094
MEA**

Examines the complex process of measuring and monitoring progress towards the sustainable development goals and makes a number of recommendations to overcome the numerous challenges faced by countries.

**TOWARDS a Harmonized International Trade
Classification for the Development of
Sustainable Ocean-based Economies.
New York ; Geneva : United Nations,
c2021.**

**UN
338.91
TOW**

Proposes a sustainable ocean economy classification for tradable goods and services that can be used by all countries at any time. The principles are based on applicability, standardization, comprehensiveness and flexibility.
