DOING better for families. Paris : OECD, c2011.	
--	--

	OECD 306.85 DOI
--	--

Analyses the family and child policies in the changing family context in recent years, and reviews the different ways in which governments support families.

ECONOMIC policy reforms : going for growth. Paris : OECD, 2012.	
--	--

	OECD 338.9 ECO
--	---

An OECD annual report focusing on developments in structural policies. It identifies structural reform priorities to boost real income for OECD countries & key emerging economies BRIICS; and provides internationally comparable indicators for countries to assess their economic performance and structural policies. This current edition also evaluates progress that countries have made on structural reforms since the start of the economic crisis, covering the whole period 2007-11.

**The FUTURE of families to 2030.
Paris : OECD, c2012.**

**OECD
306.85
FUT**

Presents the main findings of the OECD project on "Families to 2030". It includes trends & changes in family and household structures between now and 2030, and the related policy challenges & options. It also examines 3 selected areas: the future of low-income families & social cohesion, the future of work-family life balance, the future role of the elderly in the family.

**INTERNATIONAL Labour Office
Global employment trends.
Geneva : the Office, 2012.**

**ILO
331.11
INT**

An ILO annual report on the economic and social developments in global and regional labour markets. The current issue covers studies on the macroeconomic outlook, global labour market situation, regional economic & labour market developments. It reveals that the global labour market is in severe distress, with one out of three people in the labour market currently either unemployed or poor. It encourages action and recommends policy options to promote growth and create jobs.

**POVERTY reduction and pro-poor growth : the
role of empowerment.
Paris : OECD, c2012.**

**OECD
362.58
POV**

Explores the role of empowerment for poverty reduction and growth. Contains the Policy Guidance Note which explains the instrumentality of empowerment to pro-poor

growth, poverty reduction and development through empowerment processes in economic, social & political domains. Also consists of the Good Practice Notes which offer practical advice on donors' support of the empowerment of poor people in specific sectors and development arenas; and on the sustainability of empowerment.
