PUTTING green growth at the heart of development. Paris : OECD, c2013.	OECD 338.927 PUT
---	---------------------------------

Presents evidence that green growth is the only way to sustain growth and development over the long-term.

Outlines an action-oriented twin-track agenda to guide national and international policies and practices to successfully tackle green growth.

38888223800479

**SETTLEMENT, market and food security.
Paris : OECD, Sahel and West Africa Club
Secretariat, c2013.**

**OECD
338.1966
SET**

Highlights the main features of settlement, agriculture and food security.

Provides an analytical framework and tools to allow policies to anticipate and incorporate the coming changes, particularly on population concentration and market development..

3888223800461

**WATER and climate change adaptation: policies
to navigate uncharted waters.
Paris : OECD, c2013.**

**OECD
363.61
WAT**

Sets out the challenge for freshwater in a changing climate and provides policy guidance on how to navigate this new “waterscape”.

Highlights general trends and good practices covering all 34 member countries and the European Commission.

38888223800438

**WATER security for better lives.
Paris : OECD, c2013.**

**OECD
333.91
WAT**

Examines the critical issues on water security and provides rationale for a risk-based approach and the management of trade-offs between water and other environmental policies.

Also provides policy analysis and guidance on the use of market-based instruments and the complex links between water security and other policy objectives, such as food security, energy security, climate mitigation and biodiversity protection.
