評語　：洋溢天真無邪，活潑開朗的氣息。

《童話夢工場：玻璃鞋公主》是一本內容有趣的書。這本書講述：從前，有位漂亮善良的少女叫仙蒂，她每天被驕橫跋扈的繼母和兩位繼姐姐欺負，但她毫無怨言。她只想到外面學習琴藝書畫，不想終日在骯髒狹小的柴房做「灰姑娘」。有一天，國王為王子舉行了選妃舞會，仙蒂很想參加，但她衣服破舊，幸好有小鬍子——一隻外表像老鼠的精靈幫忙，才能夠參加舞會。仙蒂的外貌、氣質和性格都被王子看上，當上了王妃呢！我很喜歡這本圖書，因為故事裏的人物描寫得生動有趣，搞笑又有幽默感。更精彩是它添加了一些不同的新角色，豐富了內容呢！這本書令我明白到「外在美」不等於「內在美」，故事中，雖然繼母和兩位繼姐姐十分漂亮，但太高傲和不誠實，所以令人討厭；相反，仙蒂常常幫助別人，關心朋友，所以王子就被她善良的性格所吸引。仁慈善良的內心，是世上最珍貴的東西，我們要好好珍惜呢！

I will recommend this book to my friends because this is a wonderful book written from the point of view of a silverback gorilla named Ivan. Ivan lives in a cage in a shopping mall together with his friends, the dog Bob, and the elephants Stella and Ruby. Ivan draws pictures with crayons every day. The owner of the mall sells the pictures and makes Ivan famous. I like Bob most because it is funny and smart. Stella and Ruby used to live in the wild, but they are caught and trained to play tricks to earn money. The animal trainer even beat the elephants with a stick. I feel sad that Stella died later, and they threw her body into a garbage trunk but not bury it.

I am surprised that Ivan lives in a mall. Wild animals like gorillas should live in a jungle but not in a mall. I have learnt that they should be free and put back to the forest. They should not be kept in a zoo or locked in a cage. We should help them to learn to live and survive in the wild by themselves because the wild is their home.

On the other hand, I think people feeding wild and stray animals are irresponsible. Animals like monkeys and wild pigs in country parks, and pigeons in our neighbourhood, are now no longer afraid of people because they get used to being fed by us. They rely on our food and lose the ability to find food for themselves.

Comments：It is great that the student is able to think deeply on how human should treat the wild animals after reading the book.
